

SERVICE
YOU CAN COUNT ON

We don't leave you alone with your requirements!

No matter if a repair, a retrofit or an exchange of couplings is required – our service is available at site upon request, e. g. as supervisors for your team, including commissioning and alignment of your drive train – of course by **Laser**.

Small retrofits / assemblings can be done upon request completely self-contained by Malmedie.

Your advantage:

In case our service is ordered with the supply of a new Malmedie coupling, we **extend the warranty period** of the coupling by **additional 12 months!**

Of course we offer a general overhaul of Malmedie couplings in our works too.

Our service at a glance:

-  Supervision at site
-  Commissioning
-  Assembly / Retrofit / Repair at Site
-  Alignment of drive trains by **Laser**
-  General Overhaul of Malmedie Couplings in our Works
-  Original-Spare-Part Service
-  Training of your Staff at Site or in our Works
-  Maintenance of existing installations
